The crew of the Helene were taken off yesterday, on account of the steamer having been boarded by a woman while in quarantine, and the crew from the schooner Golden Gate were put aboard. AUSTRALIA'S PASSENGERS.
Are Permitted to Land at Once, Vessel Quarantined.

SAN FRANCISCO, January 3.—The steamer Australia arrived yesterday from Honolulu with sixty-eight cabin passengers. Dr. Kinyoun, the Federal quarantine official, consented that the passengers be landed, and they were brought ashore in a tug. The ship, however, with her freight, baggage and even mails, was sent to the quarantine station, where she will be thoroughly fumigated tomorrow before she is permitted to dock. The quarantine doctors are particularly anxious to exterminate the rats aboard, as they claim that rats are the most active agent in distributing the plague.

The Australia, upon her arrival, was boarded by the quarantine doctors off the Presidio and ordered to anchor there. Late in the afternoon the passengers, some sixty-eight in number, were transferred to the tug Fearless and landed at the Pacific street wharf with their light baggage. The Australia was then ordered to quarantine, where she will be thoroughly fumigated today. As she has no freight except 5000 bags of sugar, she will go tomorrow to the refinery, where she will discharge her cargo before going to her dock. The Australia left Honolulu on December 26th and was 6 days and 19 hours on her voyage. She had fine weather all the way except during the last twenty-four hours, when she ran

into the southeaster and experienced a very heavy sea. None of the officers or crew landed last night, nor was the mail permitted to be sent ashore.

TOUR OF INSPECTION.
Lieut. Norton and A. L. C. Atkinson Inspect the Volunteers.

Lieut. Norton in command of the Mounted Reserve volunteers who are maintaining the quarantine on the boundary line of the judicial district of Honolulu, together with his Chief of Staff A. L. C. Atkinson, made a tour of inspection of the outposts at the Pail and Makapuu point last night. They rode first to Makapuu point where Sergeant Allen Judd is in command with the following volunteers: C. R. Hemmway, F. B. Damon, George G. Fuller, H. F. Damon, C. T. Judd and G. P. Judd.

They have their camp in the old stone fort built at the time of the revolution in 1895. A constant guard is kept night and day.

From Makapuu point Norton and Atkinson rode on the other side of the island to the Pail where Corporal Alfred Castle is in command with Richard Cooke, George Canavaro, Wilhelm Gartner, Fred. Lowrey, Arthur Jordan, Edwin Hall, George Kentwell, Sidney Jordan, G. Rankin and William Galbraith.

This force also is on constant duty and maintaining a strict guard.
